Important Announcement Regarding the New Environmental 2026 Exposition (N-EXPO 2026) Global Warming Prevention Exhibition 2026 (GWPE 2026)

Thank you for exhibiting at N-EXPO / GWPE in 2025

The N-EXPO 2026 & GWPE 2026 will be held from Wednesday, May 20 to Friday, May 22 at Tokyo Big Sight East Halls 1, 2, 3, 7, and 8, as well as at the outdoor demonstration venue (near East Halls 1, 2, and 3).

This venue configuration is unavoidable due to the major renovation work at Tokyo Big Sight that has rendered East Halls 4, 5, and 6 unavailable.

For this reason, exhibition space will be more limited than when East Halls 1 through 6 are available.

We ask that exhibitors apply earlier than usual. Applications will be closed once we reach full capacity.

We greatly appreciate your understanding and consideration.

We sincerely hope that all of you will actively participate in the exhibition.

Nippo Business Co., Ltd.

The scene of N-EXPO 2025

Exhibition Outline in 2026

- **Name:** N-EXPO 2026 (New Environmental Exposition 2026).
- **Theme:** Deployment & Expansion of Environmental Business.
- **Organizer:** Nippo Business Co., Ltd.
- **Secretariat:** Nippo Business Co., Ltd.
- **Date:** May 20 (Wed.) to 22 (Fri.) 2026.
- **Venue:** Tokyo International Exhibition Center (TOKYO BIG SIGHT), East Halls 1, 2, 3, 7, 8 and outdoor.
- **Co-exhibition:** GWPE 2026 (Global Warming Prevention Exhibition 2026).

■ **Endorsed by:**

Ministry of the Environment, Ministry of Land, Infrastructure, Transport and Tourism, Ministry of Agriculture, Forestry and Fisheries, Ministry of Economy, Trade and Industry, Ministry of Education, Culture, Sports, Science and Technology, Tokyo Metropolitan Government, The Japan Chamber of Commerce and Industry, The Tokyo Chamber of Commerce and Industry, Japan Society of Material Cycles and Waste Management, German Chamber of Commerce and Industry in Japan, TAITRA (Taiwan External Trade Development Council) (Result in 2025)

- **Sponsored by:** Abt. 80 related party and organization.

Participation Costs and Deadline for Application

Participation Costs

Indoor

- Space & Packaged Shell Booth: JY432,000/9 m²
Island Booth: JY35,600/m² (Min. 90 m²/only Space)
Space only: JY35,600/m² (Min. 54 m²)

Outdoor

- Space only: JY27,000/m² (Min. 9 m²)

Deadline for Application

December 19, 2025

Remarks:

- 1) Packaged shell booth include;
Back and side panels (3 m×3 m) (3), fascia with exhibitor's name (1), information counter (1), carpet (1), chair (1), fluorescent light (2), main wiring AC 100 V & current charge, outlet (100 V/50 Hz).
- 2) Rental equipments, such as chair, desk, video, light etc., will be available for order by specified order forms

The scene of N-EXPO 2025

Figure of a package shell booth (1booth and 2booths)

Note;

*Regarding Package Sell Booth,

With the above in mind, if there are any missing supplies or equipment, please apply using order Form for "Additional Stand Equipments" (currently being prepared).

*Regarding Space only,

Space-only booth applications do not include a package shell booth. Please be sure to check the form for your exhibit application.

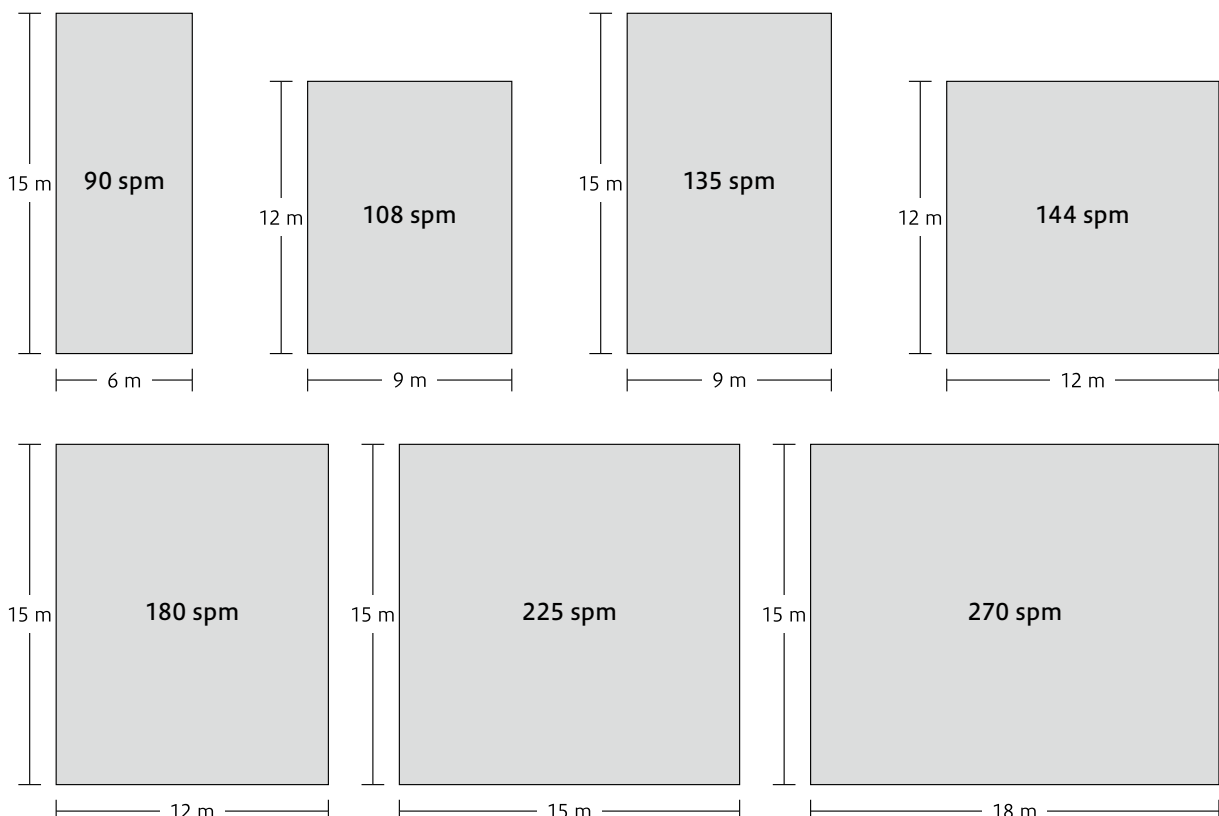

*Regarding Package Sell Booth and Space only,

The height of booth decorations is limited to 2.7 m. However, decorations up to 3.6 m are permitted at the 1 m point inside, the booth from the aisle and adjacent booths. Objects up to 5 m are permitted 2 m inside.

*Regarding Island booth,

For exhibitors with 90 sqm or more, as an Island booth. the height of booth interior decorations is limited to 3.6 m. However, decorations up to 5 m are permitted at the 1 m point inside the booth from the aisle.

Island Booth Size Regulation

NEW Environmental Exposition: Exhibition Categories and List of Exhibition Items

Recycling, Waste Disposal, and Demolishing

[1] Crushing, smashing, and bag-breaking [2] Sorting and separation [3] Sorting robots [4] Sorting devices by color, material, and specific gravity [5] Magnetic sorting machine [6] Peeling/debonding machine [7] Metal removal device [8] Trommel [9] Cutting and shredding [10] Hydraulic cutters [11] Cutters [12] Cutter blades [13] Attachments [14] Crusher and Destroyer [15] Volume reduction, compression, packing, and vailing presses [16] Forming machine, molding machine, granulation [17] Mixer, stirrer [18] Metal recovery and recycling [19] Electric wires recycling and peeling [20] Rare metal recovery and recycling [21] Wastepaper Recycling [22] Dioxins-related [23] Cinder and soot disposal [24] Waste oil, waste acid, waste alkali treatment [25] PCB waste management [26] Contaminated soil treatment [27] Soil contamination-related (purification technology) [28] Plasterboard measures [29] CFCs measures [30] Waste mercury treatment [31] Analysis, research, and service-related [32] Consulting Firms [33] Environmental measures (against noise, disturbances, and dust) [34] Medical waste [35] Hazardous waste [36] Final landfill site [37] Industrial waste disposal services [38] General waste disposal services [39] Recycling services [40] Collection and transportation services [41] Construction machinery [42] Loader [43] Hydraulic motors [44] Hoses, fittings, valves, couplers [45] Parts for industrial machinery [46] NETIS Registration Technology [47] Recycling technology for sludge and soil generated from construction site [48] Prefectural recycling certified products and those subject to the Act on Promoting Green Purchasing

Demolishing, Measures against Asbestos

[1] Technologies related to demolition and construction recycling [2] Demolition industry [3] Demolition method [4] Separation containers for demolition sites and tools for demolition [5] Safety measures, fire prevention, dust prevention measures, measures for surrounding residents, improvement of the working environment [6] Solar panel recycling [7] Disposable diapers recycling [8] Asbestos removal services [9] Asbestos removal method [10] Chemicals and materials for asbestos removal [11] Aquacell rotor [12] Dust collector [13] Research, measurement, and analysis instruments for asbestos [14] Research, measurement, and analytical institution [15] Asbestos detoxification technology [16] Final disposal site [17] Bags for disposal [18] Protective clothing and special masks

Measures against Marine Plastic and Waste Plastics, Bioplastics, Packaging, and Eco-Products

[1] Countermeasures against marine plastic problem [2] Waste plastic management and recycling [3] New and alternative materials for plastics [4] Recycling device [5] Products using recycled materials [6] Collection equipment [7] Chemical recycling [8] Measures to promote plastic resource recycling [9] Measures against drifting and seabed garbage [10] Bioplastic-related products and eco-friendly new materials [11] Waterless printing and eco-friendly printing equipment [12] Various films, pouches (refill containers, etc.), plastic containers (bottles, trays) [13] Paper containers and packaging materials [14] Various pulp mold containers and various cushioning materials [15] Wooden containers [16] Eco band, string, tape, label [17] Eco pallets [18] Eco-friendly products [19] Corrugated cardboard pallets [20] Various returnable containers and packages [21] Environmental sanitation equipment and inspection system [22] Packaging-related machinery and equipment [23] Recycling of plastic materials [24] Eco-friendly packaging materials [25] Recycled products

Water Treatment and Purification

[1] Technologies and equipment for water treatment, waste water treatment, and sludge treatment [2] Chemical products such as flocculants, adsorbents, and water treatment chemicals [3] Membrane and filtration technology [4] Ultrapure water production equipment [5] Water purifiers [6] Water conditioners [7] Seawater desalination technology and equipment [8] Water sorting machine and cleaning machine [9] Module [10] Soil and groundwater contamination research and consulting [11] Waste liquid treatment technology and equipment [12] Water purification related equipment [13] Plant manufacturer [14] Oil-water separation system [15] Measuring instrument

Improvement of Soil, Air, and Working Environment, Countermeasures for Infection

[1] Sludge conveyor [2] Contaminated soil [3] Water, soil, air purification technology and equipment [4] Purifier [5] Software [6] Measurement, analysis and detection equipment [7] Soil investigation related equipment [8] Safety protection equipment, work safety protection equipment, protective clothing [9] Risk management, assessment and information [10] Dust, noise, and vibration countermeasures [11] Dust collection and exhaust gas treatment [12] Vacuum cleaners and sweepers [13] Deodorizing devices (agents) and bio-preparations [14] Sprayers [15] Various adsorbents and flocculants [16] Absorbents [17] Mist cooling system [18] Filters, bug filters [19] Scrubbers and washing machine [20] Organic solvent handling technology [21] Ground improvement [22] Recycling of soil generated from construction [23] Protection from wildlife damage [24] Air conditioning management [25] Clean room facilities (negative pressure room, medical tent) [26] Water supply and disposal, waste management [27] Medical devices [28] Materials, equipment and medical consumables [29] Beddings [30] Disinfectant solutions and antibacterial products [31] Droplet and contact prevention

Biomass and Organic Waste Treatment

[1] Food waste disposal machine [2] Composting plant [3] Fertilizer plant [4] Feeder plant [5] Pelletizer and pellet mill [6] Microbes [7] Food recycling [8] Biological resource recycling

Environmental Software, Scale, Measurement, Analysis

[1] Environmental management software [2] Waste material management software [3] Manifest management software [4] Information processing [5] Garbage weighing system, truck scale, forklift scale, road meter [6] Logistics management system and location detection system [7] Environment search site [8] Various certification support [9] Environmental consultant and solutions [10] Illegal dumping surveillance camera [11] ISO certification bodies and acquisition support [12] Measurement and analysis of industrial waste, hazardous substances, and working environment [13] Measurement and analysis of the Noise Regulation Act, the Vibration Regulation Act, and the Offensive Odor Control Act [14] Drones [15] DX conversion system

Collection, Transportation, Storage, Logistics

[1] Collection and transportation vehicles [2] Mobile recycling vehicles [3] Garbage trucks [4] Unic cranes [5] Wing vehicles [6] High-pressure cleaning trucks [7] Suction work vehicles and vacuum vehicles [8] Refrigerated vehicles [9] Water sprinkler trucks [10] Lifts [11] Conveyors [12] Pallets [13] Transporters [14] Containers and boxes [15] Flexible container bags [16] Logistics system and waste transportation system [17] Garbage bags [18] Medical waste disposal containers [19] Stainless steel roof rack [20] Swinging roof rack [21] Fuel efficiency improvement system [22] Additives [23] Alternative fuels [24] Energy-saving driving system [25] Safe driving and management system [26] Rear view monitors [27] Drive recorders [28] Vehicle assignment system [29] Logistics office software [30] DPF [31] Noise reduction system [32] Vibration reduction system [33] Collection and transportation industry [34] Logistics company [35] Car wash technology [36] Automobile insurance and finance [37] Automobile maintenance [38] Alcohol checker

Thermal, Waste Power Generation, and Heat Utilization

[1] Technologies related to the use of waste incineration heat [2] Incineration [3] Melting [4] Gasification [5] Pyrolysis equipment [6] Carbonization, drying, boiler [7] Stove [8] Oil and fuel conversion [9] Firing and rotary kiln [10] Exhaust gas, burner, nozzle [11] Conversion to solid fuels [12] Cooling, smoke washing, and solidification [13] Exhaust gas treatment [14] Exhaust heat reuse [15] Waste-to-energy generation [16] Superheated steam generator

Civil Engineering, Construction, and Disaster Countermeasures

[1] Construction companies [2] Rental equipment companies [3] Land improvement materials (roads, water supply and sewerage) [4] Civil engineering materials [5] Construction materials [6] Architectural and construction paints [7] Civil engineering technology [8] Electrical installation technology [9] Machinery and equipment construction technology [10] Unmanned construction technology [11] Informatized construction technology [12] Construction machinery, tools, items [13] Pollution prevention related materials [14] Architectural design and various supplies [15] Construction consulting service [16] NETIS registration technology [17] Disaster waste [18] Restoration and reconstruction measures [19] Evacuation centers and shelters life [20] Emergency and BCP-related

Local Governments

[1] Environmental activities and market expansion by local authorities, governments, and organizations

Related Organizations and Academic Institutions

[1] Universities and research institutions [2] Corporate environmental PR and CSR activities [3] Industry-academia collaboration [4] International embassies [5] International environmental exhibitions [6] Environmental projects, environmental education, and afforestation activities

SDGs Related

NEW Environmental Exposition Venture

Global Warming Prevention Exhibition: Exhibition Classification and List of Exhibit Items

Decarbonization, Carbon Neutral

[1] CO₂ emissions and carbon reduction calculation system [2] Emissions trading support service [3] Carbon offset [4] CO₂ visualization [5] CO₂ consultant and management system [6] Green power certificate [7] CDM consulting [8] Transportation system [9] Capture, storage and effective use of carbon dioxide (CCS/CCUS) [10] Anti-desertification technology [11] Products using thinned wood [12] Bamboo products [13] Waste disposal and recycling business operators [14] Building preservation [15] SDGs activities and supporting projects

Promotion of New and Renewable Energy

[1] Companies that support the introduction of renewable energy (brokerage, finance, construction, technology, etc.) [2] Solar power generation [3] Solar water heater [4] Solar furnace [5] Solar thermal power generation [6] Natural lighting system [7] Solar street lights [8] Small-scale hydroelectric power generation [9] Ocean current power generation [10] Wave power generation [11] Tidal power generation [12] Temperature difference power generation [13] Wind power generation [14] Geothermal power generation [15] Geothermal heat reuse [16] Utilization of hydrothermal heat, snow and ice heat, and air heat [17] Bioethanol [18] Biodiesel fuels [19] Woody biomass (thinned wood, firewood, charcoal, pellets) [20] Woody biomass power generation [21] Wood pellet stove [22] Biogas [23] Biogas power generation [24] Biomass boiler [25] Biofuels (palm, Jatropha, etc.) [26] Dry dung fuel [27] Smart grid-related (storage batteries, smart meters, BEMS/FEMS/HEMS, Smart House) [28] Hydrogen and fuel cells [29] Binary power generation [30] Energy management equipment and system [31] Electric vehicles, electric motorcycles [32] Environmental infrastructure business [33] Corporate PR and distributed power generation business PR [34] Waste disposal and recycling business operators

Energy-saving Measures

[1] Companies that support energy-saving and energy-saving systems (brokerage, finance, construction, technology, etc.) [2] Energy-saving analysis [3] ESCO [4] Environmental greening (rooftop greening, wall greening, parking lot greening, etc.) [5] Control and measurement (visualization) [6] Air conditioning and heat pumps [7] Lighting (LED, etc.) [8] Use of rainwater and recycled water [9] Water saving system [10] Waterless toilet [11] Fuel improvement system [12] Energy-saving manufacturing [13] General energy-saving [14] Relevant agencies and organizations [15] Waste disposal and recycling business operators

Measures against Extreme Heat

[1] Paving methods, materials, road pavement, heat island countermeasures [2] Heat shielding and heat insulation (paints, sheets, window coats, window films, insulation methods, various types of heat insulation) [3] Cooling mist [4] Drinking water [5] Sodium supplement products [6] Air conditioning clothes and cold clothes [7] Cool fibers [8] Sunshades [9] Fans [10] Heat stroke index measuring instrument [11] Cooling items [12] Blowers [13] Air coolers / air conditioners

Schedule in 2026 (planned)

Even before the application deadline, applications will close once all spaces have been filled. After that, a waitlist will be established.

Early December 2025

- **Web** Dedicated site for exhibitors
- The Exhibitor Manual will be available

December 19, 2025

Deadline for exhibitor applications

By February 27, 2026

Exhibition fee payment date

Mid-March 2026

- **Web** Floor plan begins
- Deadline for directory entry

Late March 2026

Deadline for required submissions

Early May 2026

- **Web** Exhibitor information begins
- **Web** Floor map begins

May 18 and 19 Move-in of exhibits

May 20 to 22 Exhibition dates

May 22 Move-out of exhibits

* For details, see the manual for exhibitors.

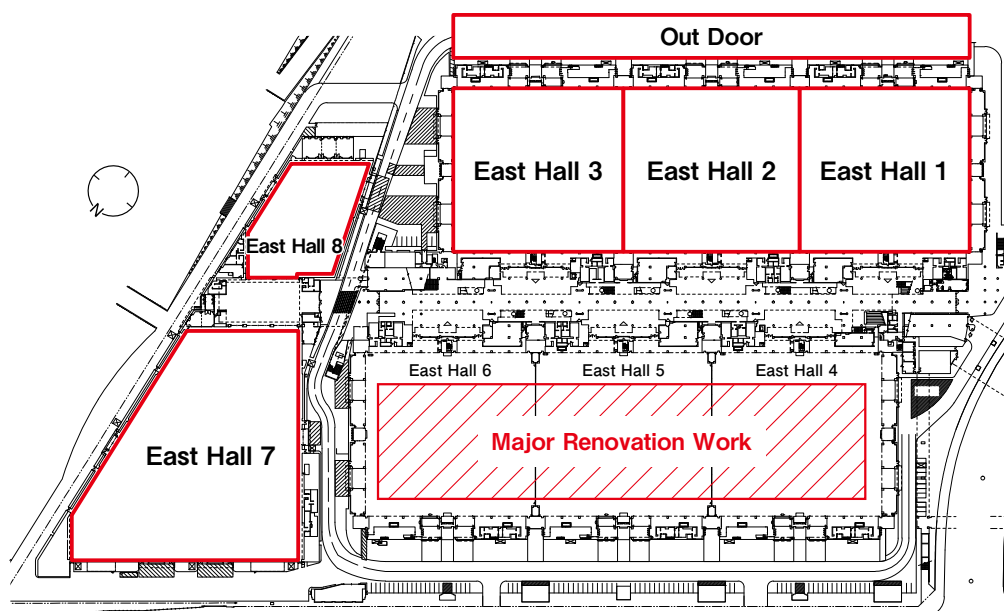

* Be sure to check this schedule.

Important Announcement Regarding

The N-EXPO 2026 & GWPE 2026 will be held from Wednesday, May 20 to Friday, May 22 at Tokyo Big Sight East Halls 1, 2, 3, 7, and 8, as well as at the outdoor demonstration venue (near East Halls 1, 2, and 3). This venue configuration is unavoidable due to the major renovation work at Tokyo Big Sight that has rendered East Halls 4, 5, and 6 unavailable.

For this reason, exhibition space will be more limited than when East Halls 1 through 6 are available. We ask that exhibitors apply earlier than usual. Applications will be closed once we reach full capacity. We greatly appreciate your understanding and consideration.

TERMS AND REGULATIONS FOR PARTICIPATION

1. EXHIBITION:

"N-EXPO 2026" New Environmental Exposition 2026
"GWPE 2026" Global Warming Prevention Exhibition 2026

2. ORGANIZER / PLAN & OPERATION:

Nippo Business Co., Ltd.

3. EXHIBITORS:

Japanese or overseas manufacturers, importers, exporters and their respective associations whose goods are covered by the Exhibition Profile can be accepted to participate as Exhibitors.

4. APPLICATION FOR PARTICIPATION:

All applications for participation shall be made on the prescribed application form. The application form shall be submitted directly to Nippo Co., Ltd. The application form shall be accompanied by the required deposit equivalent to 50% of the total space rental and stand charges. The submission of the application form shall be deemed to be confirmation of participation and acceptance of the Terms and Regulations for Participation. The organizers reserve the right to accept or refuse any application without giving any reason whatsoever.

5. ALLOCATION OF SPACE:

The Organizers shall allocate the space in accordance with the nature of the goods displayed or in the manner they consider best. The Organizers shall reserve the right to reallocate the space allotted to the Exhibitor at any time prior to the commencement of the build-up of the Exhibition should exceptional circumstances demand, and to alter the size and dimensions of the site, to transfer or close entrances and exits to the Exhibition Hall and to undertake other structural alternations. Such reallocations shall be at the absolute discretion of the Organizers, and the Exhibitor shall have no claim for compensation as a result of the reallocation.

6. TERM OF PAYMENT:

- All applications for participation shall be accompanied by a 50% deposit.
- The balance shall be paid by;
February 27, 2026
- Payment for additional charges shall be made in full on presentation of invoices before opening the Exhibition.
- Payment by the stipulated date is a prerequisite condition governing the use of the stand and participation in the Exhibition. In the event of default in payment by the stipulated date the Organizers shall reserve the right to claim all dues from the defaulting exhibitor who shall not be entitled to any form of compensation.
- The bank transfer fee is to be borne by the exhibiting company.

7. WITHDRAWALS/CANCELLATION:

Under no circumstances will Exhibitors be permitted to withdraw, cancel or reduce their space booking from the Exhibition. However, the Organizers may consider special cases under the terms and conditions stipulated below:

- 90 days prior to the exhibition - 50% refund
- 60 days prior to the exhibition - 25% refund
- 30 days prior to the exhibition - No refund

8. CHANGES:

The Organizers reserve the right to change the venue and duration if exceptional circumstances demand. In the event of change of venue and/or duration, the agreement to participate shall remain in force so long as the Exhibitor is informed of the changes four weeks before the change. In the event of cancellation of the Exhibition, the Organizers shall be entitled to retain or recover 25% of the space rental to cover the general expenses of preparation and any other special expenses incurred by the Organizers in connection with the Exhibition. In the event of a change of venue, postponement or cancellation of the Exhibition, the Exhibitors or their representatives shall not be entitled to any claim for compensation in connection with their booking for participation.

Conduct and termination of the exhibition:

The organizer may change or terminate the exhibition at its discretion if it deems that the land and building where the exhibition is held is not fit for admission, or if it deems that it is difficult to hold the exhibition due to a force majeure event such as a natural disaster, earthquake, spread of infection due to an epidemic and so on. Please note that the exhibition fee will not be refundable in this case.

Add to this, there are two cases as;

- The event will be terminated if a demand to terminate the event is issued by the Japanese government and Tokyo City. In this case, the full amount of the exhibition fee will be refunded by the organizer.
- If a cancellation is made at the discretion of the exhibiting company, based on the provisions in the "Cancellation Policy", the company shall not be entitled to any refund. (Normal cancellation fee applies)

9. CONSTRUCTION AND DECORATION OF STAND:

The Exhibitors will be allowed to erect and decorate their stands over a reasonable period that the Organizers may determine or stipulate in the Exhibitors' Manual. The Exhibitor shall take due care not to obstruct common passage-ways or other Exhibitors' stands. Any damages caused by the Exhibitor or his contractors to other Exhibitors or

common property shall be the responsibility of the exhibitor. The Exhibitor is required to complete all the work by the date and time stipulated by the Organizers.

10. USE OF STAND:

The Exhibitor is bound to exhibit the announced goods and to man the stand with competent personnel during the opening hours of the entire Exhibition. The Organizers shall have the right to refuse admittance to any visitor to the stand and to have access to the stand at all times.

The Exhibitor is not allowed to sublet the space allotted to him to other parties either wholly or in part without the written approval from the Organizers.

The Exhibitor will be liable for any damage to walls or floors of the building within which his exhibits are housed and shall not paint or otherwise alter the floors, ceilings, pillars, or walls without the express consent of the Organizers.

11. MOVEMENT OF EXHIBITS:

- The transport of exhibits to the Exhibition venue shall be the responsibility and at the expense of the Exhibitor.
- Arrangement for storage or warehousing of exhibits shall be made by the Exhibitor.
- The Exhibitor shall submit a list of exhibits to the Organizers at least ten weeks prior to the exhibits being sent to the Exhibition venue.
- No exhibit will be allowed in or out of the Exhibition area without a delivery order or clearance chit.
- Exhibitors shall remove all exhibits from the Exhibition Hall within the period stipulated by the Organizers and shall indemnify the Organizers against any loss by reason of delay or damage to the exhibition Hall.

12. FAILURE OF SERVICES:

The Organizers will use their best endeavour to ensure the supply of the services mentioned in these Regulations and in the Exhibitors' Manual, but they shall not incur any liability to the Exhibitor for losses, damages, or expenses or otherwise through strikes, lockouts, accident, force majeure, or other causes beyond the control of the Organizers if any such services shall wholly or partially fail or cease to be available, nor shall the Exhibitor be entitled to any claim in respect of rental due or paid under his contract.

13. SECURITY:

The Organizers shall take all necessary security precautions in the interest of the Exhibitors and visitors. However, the Exhibitor shall be held responsible for all risks connected with his goods on display. Adequate safety guards must be fitted to all machinery. The Exhibitor shall be responsible for staffing his stand during the build-up, exhibition and dismantling period. The Organizers shall not be held liable for any loss or damage to exhibits or any articles belonging to the Exhibitor.

14. FIRE AND OTHER SAFETY REGULATIONS:

The Exhibitors are prohibited from demonstrating any apparatus, stoves or heaters that employ naked flames or inflammable gas within the Exhibition premises without written permission from the Organizers.

15. LIABILITY, RISKS AND INSURANCE:

The liability or risks of the staff and employees of the Exhibitors shall be the responsibility of the Exhibitor. He shall take necessary insurance coverage for such liabilities and risks. The Organizers shall not be held liable for such liabilities and risks suffered by his employees or exhibits. The Organizers shall be under no liability for personal injury to the Exhibitor or his servants, agents, invitees or licensees howsoever caused nor for the loss of or damage to exhibits or other property of the Exhibitor, his servants, agents, invitees or licensees howsoever caused. The Exhibitor is accordingly advised to take out all necessary insurance.

16. BANKRUPTCY OR SETTLEMENT PROCEEDINGS:

If prior to the opening of the Exhibition, the Exhibitor becomes bankrupt or is forced to terminate the agreement to participate, the Organizers shall release him from the contractual obligations. However, the Organizers shall have the right to retain or recover 25% of the total space rental stand charges plus any cost incurred up to the time of such request. The Organizers shall have the right to dispose of the space or stand in question in any manner they deem fit.

17. SUPPLEMENTARY CLAUSES:

Whenever necessary, the Organizers shall have the right to issue supplementary regulations in addition to those in the Terms and Regulations for Participation to ensure the smooth management of the Exhibition. Any additional written regulations or instructions shall form part of the Terms and Regulations for Participation, and they shall be binding on the Exhibitor.

18. DOMICILE AND JURISDICTION:

The implementation of these regulations or supplementary stipulations laid down by the Organizers relating to the Exhibition shall be deemed to be domiciled at the offices of the Organizers. All disputes arising from the Exhibitors' participation and from the enforcement of these regulations laid down by the Organizers shall be judged according to the law of Japan.
